NOT FOR SALE IN THE U.S. OR TO U.S. PERSONS

INVESTMENT OBJECTIVE

SGA strives to identify differentiated high-quality global businesses that offer strong pricing power, recurring revenue streams, long runways of growth, strong cash flow generation, and management teams that have proven to be good stewards of capital. Companies that possess such characteristics form SGA's Qualified Company List of approximately 120 businesses. From it, a concentrated portfolio of 25-35 stocks is created based on an analysis of the cash flow-based valuation of the candidate companies and the long-term investment opportunity they offer. The Virtus SGA Global Growth Fund "Fund" has adhered to its policy objective.

- Investors invest in shares of the Fund. The Fund is suitable for long term investors seeking capital appreciation and prepared to accept a moderate to high level of volatility.
- The Fund is actively managed. The Fund uses the MSCI AC World Index (net) as a comparator benchmark but not to constrain portfolio composition or as a target for performance.

A NOTE ABOUT RISK:

The investments of the Fund are subject to investment risks and normal market fluctuations, including the possible loss of the principal amount invested. The value of the investments of the Fund and the income from them can fall as well as rise and investors may not get back the amount originally invested. Past performance and any forecasts made are not a guide to future returns and may not be repeated. Any forecast, projection or target is indicative only and is not guaranteed in any way. All quoted Fund returns are net of fees. Adverse movements in currency exchange rates can result in a decrease in return or loss of capital. Investments in the portfolio may be fully hedged into the Fund's base currency potentially reducing currency risks but this may expose the portfolio to other risks such as a default of a counter-party. Any dividends that the Fund receives may be subject to withholding tax.

Investors should carefully read and consider the latest available version of the relevant Key Investor Information Document ("KIID"), the most recent supplement for the Fund, and the Prospectus for the Company and the latest annual and semi-annual reports for full details of the Fund's investment objectives, risks, charges and expenses and before making a decision to invest. Neither VIA nor SGA have considered the suitability of this investment against your individual needs and risk tolerance. To ensure you understand whether the Fund is suitable, please read the relevant KIID. Any decision to invest must be based solely on the information contained in the Company's Prospectus, the supplement for the Fund, the Key Investor Information Document and the latest half yearly report and unaudited accounts and/or annual report and audited accounts. We strongly recommend you seek independent professional advice prior to investing. If, after reading this factsheet, you have any questions or would like any additional information, please contact your financial advisor. Copies of the Prospectus, KIIDs and the annual and semi-annual reports relating to the Fund may be obtained from the Company and inspected at the registered office of the Company during usual business hours on a business day or at www.virtusglobalfunds.com. Any prices or quotations contained therein are indicative only.

Information on the investment returns given in this document are based solely upon historical Fund performance. The information in this communication has been prepared in good faith; it does not purport to be comprehensive.

All details in this document are provided for marketing and information purposes only and should not be misinterpreted as investment advice or taxation advice. Nothing in this document should be taken as an express or implied indication that this document is an offer or recommendation to buy or sell shares in the Fund. You should not act or rely on this document but should seek independent advice and verification in relation to its contents. Neither VIA nor SGA accepts any liability or responsibility whatsoever for any consequential loss of any kind arising out of the use of this document or any part of its contents. The views expressed in this document are those of VIA and SGA and these are subject to change without notice.

Where the data in this document comes partially from third party sources the accuracy, completeness or correctness of the information contained in this publication is not guaranteed, and third party data is provided without any warranties of any kind. VIA and SGA shall have no liability in connection with third party data.

For the avoidance of doubt the distribution of the information in this document may be restricted by law in certain countries. This information in this document is not addressed to any person resident in the territory or country or jurisdiction where such distribution would be contrary to local law or regulation. The Fund is not available, and offering materials relating to the Fund will not be distributed, to persons resident in any country where such distribution would be contrary to local law or regulation. VIA and SGA disclaim all responsibility if you have obtained access to the information in this document in breach of any law or regulation in the country of which you are a citizen or in which you are residing or domiciled.

IMPORTANT RISK CONSIDERATIONS:

1. Equity Securities: The market price of equity securities may be adversely affected by financial market, industry, or issuer-specific events. Focus on a particular style or on small, medium, or large-sized companies may enhance that risk.
2. Foreign & Emerging Markets: Investing in foreign securities, especially in emerging markets, subjects the portfolio to additional risks such as increased volatility, currency fluctuations, less liquidity, and political, regulatory, economic, and market risk.
3. Market Volatility: The value of the securities in the portfolio may go up or down in response to the prospects of individual companies and/or general economic conditions. Local, regional, or global events such as war, terrorism, pandemic, or recession could impact the portfolio, including hampering the ability of the portfolio's manager(s) to invest its assets as intended.
4. Limited Number of Investments: Because the portfolio has a limited number of securities, it may be more susceptible to factors adversely affecting its securities than a portfolio with a greater number of securities.
5. Industry/Sector Concentration: A portfolio that focuses its investments in a particular industry or sector will be more sensitive to conditions that affect that industry or sector than a non-concentrated portfolio.
6. Technology Concentration: Because the portfolio is presently heavily weighted in the technology sector, it will be impacted by that sector's performance more than a portfolio with broader sector diversification.
7. ESG: The portfolio's consideration of ESG factors could cause the portfolio to perform differently from other portfolios. While the subadviser believes that the integration of ESG factors into the portfolio's investment process has the potential to contribute to performance, ESG factors may not be considered for every investment decision and there is no guarantee that the integration of ESG factors will result in better performance.

NOT FOR SALE IN THE U.S. OR TO U.S. PERSONS

INVESTMENT PROCESS

Step 1: Qualified Company List

SGA analyzes thousands of businesses to arrive at approximately 120 companies that qualify for investment. The focus is on companies with earnings and revenue growth at a significantly higher level than that of the average stock in the MSCI ACWI Index.

Step 2: Evaluate Growth Trajectory

Through analysis of:

- > Pricing Power
- > Recurring Revenues
- > Global Opportunity
- > Financial Strength
- > Management Strength

Step 3: Valuation

Cash flow is the ultimate arbiter of value for SGA. They focus on two metrics:

1. A 10-year discounted cash flow model.
2. Enterprise Yield: the true free cash flow available to shareholders divided by total market cap.

8. Currency Rate: Fluctuations in the exchange rates between the U.S. dollar and foreign currencies may negatively affect the value of the portfolio's shares.

9. Depository Receipts: Investments in foreign companies through depository receipts may expose the portfolio to the same risks as direct investments in securities of foreign issuers.

South Africa:

This is a **Minimum Disclosure Document & General Investor Report**. Collective Investment Schemes in Securities (CIS) should be considered as medium to long-term investments. The value may go up as well as down and past performance is not necessarily a guide to future performance. CIS's are traded at the ruling price and can engage in scrip lending and borrowing. The collective investment scheme may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. A schedule of fees, charges and maximum commissions is available on request from the Investment Manager. There is no guarantee in respect of capital or returns in a portfolio. A CIS may be closed to new investors in order for it to be managed more efficiently in accordance with its mandate. CIS prices are calculated on a net asset basis, which is the total value of all the assets in the portfolio including any income accruals and less any permissible deductions (brokerage, STT, VAT, auditor's fees, bank charges, trustee and custodian fees and the annual management fee) from the portfolio divided by the number of participatory interests (units) in issue. Forward pricing is used. The Fund's Total Expense Ratio (TER) reflects the percentage of the average Net Asset Value (NAV) of the portfolio that was incurred as charges, levies and fees related to the management of the portfolio. The issue date for this factsheet is the 15th April 2023.

MDD Glossary

Annualised Performance: Annualised performance shows longer term performance rescaled to a 1-year period. Annualised performance is the average return per year over the period. Actual annual figures are available to the investor on request.

Highest and Lowest Return: The highest and lowest returns for any 1-year period since inception have been shown.

NAV: The net asset value represents the assets of a Fund less its liabilities.

Sharpe Ratio: The Sharpe Ratio is used to indicate the excess return the portfolio delivers over the risk free rate per unit of risk adopted by the fund.

Standard Deviation: The deviation of the return stream relative to its own average.

Max Drawdown: The maximum peak to trough loss suffered by the Fund since inception.

Max Gain: Largest increase in any single month.

% Positive Month: The percentage of months since inception where the Fund has delivered positive return.

Volatility: Volatility is a statistical measure of the dispersion of returns for a given security or market index.

Asset Allocation as of 03/31/23

Equity 98.43%, Cash 1.57%. There were no material changes in the asset allocation in comparison with Q4.

Total Expense Ratio (TER)

With regard to TER, a representative figure for the fund is 0.91% (for the 0.75% AMC share classes). A high TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TERs. The breakdown of TER is as follows: Management fee: 0.75%; Performance fee: 0%; Transaction cost: 0%; Audit fees:

0.0%; Other costs: 0.16%; VAT: 0%; with Total TER being 0.91%.

Rolling Return (ISIN: IE00BDR6MJ45)

The highest rolling 1-year return for the Fund is 76.91% (1-year rolling from 3/23/20 to 3/23/21), with the lowest return being -34.86% (1-year rolling from 09/24/2021 to 09/26/2022).

Fund Risk:

The above risk category is not guaranteed and is likely to shift over time where the Investment Manager proposes to move to lower risk levels if it believes market conditions are going to deteriorate. However investors should note that moving to lower risk levels will not eliminate risk altogether. The Investment Manager's strategy generally defines risk as the probability of permanently losing capital over a five-year period.

The Fund, due to the global nature of its investments, will hold assets in currencies other than the Fund's base currency, which is the U.S. dollar. The value of these assets will not only be affected by movements in the underlying markets but also by movement in the value of the currency in which they are held. The Investment Manager does not intend to seek to hedge this currency risk. For further detail please see the "Risk Factors" section of the Prospectus for the Company.

Where foreign securities are included in a portfolio there may be potential constraints on liquidity and the repatriation of funds, macroeconomic risks, political risks, foreign exchange risks, tax risks, settlement risks; and potential limitations on the availability of market information. The investor acknowledges the inherent risk associated with the selected investments and that there are no guarantees. Please note that all documents, notifications of deposit, investment, redemption and switch applications must be received by BNY Mellon Fund Services (Ireland) Limited, by or before 13:00 (SA), to be transacted at the NAV (defined above) price for that day. Where all required documentation is not received before the stated cut off time BNY Mellon shall not be obliged to transact at the NAV price as agreed to.

Performance has been calculated using net NAV to NAV numbers with income reinvested. The performance for each period shown reflects the return for investors who have been fully invested for that period. Individual investor performance may differ as a result of initial fees, the actual investment date, the date of reinvestments and dividend withholding tax. Full performance calculations are available from the Investment Manager on request.

For any additional information such as Fund prices or application forms please go to www.virtusglobalfunds.com or contact Campion Capital Limited on +442073174433.

INDEX DEFINITION

Index: The MSCI AC World Index (net) is a free float-adjusted market capitalization-weighted index that measures equity performance of developed and emerging markets. The index is calculated on a total return basis with net dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and is not available for direct investment.

GLOSSARY

Avg. Weighted Market Cap (bn): Sum of each security's weight within the fund (or index) multiplied by the security's market capitalization. **3-Year EPS Growth Rate:** Average of earnings per share growth for latest 3-year period. **Forward Price/Earnings:** Per share stock price divided by projected future 12-months earnings per share. **Price/Sales:** A valuation ratio that compares a company's stock price to its revenues. **Gross Margin:** A financial ratio indicating the percent of sales the company retains after incurring the direct costs associated with producing the goods and services it sells. Weighted harmonic average of the gross margin for the underlying portfolio holdings. **Active Share:** A measure of the percentage of stock holdings in a manager's portfolio that differ from the benchmark index.

IMPORTANT INFORMATION

This material was prepared without regard to the specific objectives, financial situation, or needs of any particular person who may receive it. It is intended for informational purposes only and it is not intended that it be relied on to make any investment decision. It does not constitute investment advice or a recommendation or an offer or solicitation and is not the basis for any contract to purchase or sell any security or other instrument, or for Virtus Investment Advisers ("VIA") or Sustainable Growth Advisers (SGA) to enter into or arrange any type of transaction as a consequence of any information contained herein. Neither the Issuer, VIA, nor SGA gives any warranty as to the accuracy, reliability, or completeness of information which is contained in this document. Except insofar as liability under any statute cannot be excluded, neither VIA or any member of SGA, the Issuer, or any officer, employee, or associate accepts any liability (whether arising in contract, in tort or negligence or otherwise) for any error or omission in this document or for any resulting loss or damage whether direct, indirect, consequential, or otherwise suffered by the recipient of this document or any other person.

The views expressed in this document constitute the judgment of VIA or SGA at the time of issue and are subject to change. The value of shares/units and their derived income may fall as well as rise. References to positions should not be considered a recommendation to purchase or sell a particular position and there is no assurance, as of the date of publication, that the positions mentioned remain in a portfolio or that positions sold have not been repurchased. Additionally, it is noted that the positions referenced do not represent all of the positions purchased, sold, or recommended during the period referenced, and there is no guarantee as to the future profitability of any of the positions identified and discussed herein. SGA or persons associated with the firm may maintain a long or short position in securities referenced herein, or in related futures or options. Portfolio holdings are provided for informational purposes only. A list of transactions during the past 12 months is available upon request. This document does not constitute an offer or solicitation to invest in any fund. The Fund is a sub-fund of the Virtus Global Funds ICAV. Virtus Investment Partners sponsors three UCITS (the "Funds"): Virtus Global Funds ICAV is an open-ended Irish collective asset-management vehicle structured as an umbrella fund with segregated liability between sub-funds and authorised under the laws of Ireland pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, as amended (the "Regulations"); and Virtus Global Funds plc and Stone Harbor Investment Funds plc, are each an open-ended investment company with variable capital incorporated with limited liability in Ireland and established as an umbrella fund with segregated liability between its sub-funds pursuant to the Regulations.

Please refer to the relevant Fund's current prospectus and to the PRIIPS KID/KIID before making any final investment decision. These documents along with the summary of investor rights are available and can be obtained from globalfunds.virtus.com. Each Fund's Prospectus (and the UCITS KIID for UK investors) is available in English. The PRIIPS KIDs are available in one of the official languages of each of the EU Member States into which each sub-fund has been notified for marketing under the Directive 2009/65/EC (the UCITS Directive). The summary of investor rights is in English. The sub-funds of each Fund are currently notified for marketing into a number of EU Member States under the UCITS Directive. Such notifications can be terminated for any share class and/or sub-fund of any Fund at any time using the process contained in Article 93a of the UCITS Directive. In such circumstances, Shareholders in the affected Member State will be notified of this decision and will be provided with the opportunity to redeem their shareholding in the Fund free of any charges or deductions for at least 30 working days from the date of such notification. The Funds have not been registered under the United States Investment Company Act of 1940, as amended, or the United States Securities Act of 1933, as amended. **The Funds are not available for sale in the U.S. or to U.S. Persons.**

This information and material shown on this page are for information only and do not constitute an offering or investment, legal, tax or other advice. The information shown on this page constitutes an advertising document in certain jurisdictions

SGA has engaged Campion to promote/endorse SGA's business for cash compensation on business that is awarded to SGA. Campion's pecuniary incentive to promote SGA's business may be perceived as a conflict of interest.

- i. Upon SGA being awarded business resulting from Campion's endorsement/promotional activities Campion shall be entitled to receive from SGA cash compensation equal to either 12.5% or 25% (depending on the nature of the introduction) of the fee received by SGA from such business for the duration of such relationship; and
- ii. A statement disclosing any other material conflict of interest that Campion may have because of its relationship with SGA (if any).
